

Martha and Mary Children's Services
Enrichment Programs Registration

Martha and Mary Children's Services is proud to offer a variety of enrichment programs to our families. They include a Spanish Language program, Hooked on Phonics, Karate, and a multi-faceted Dance program.

Taking enrichment classes affords your child the opportunity to develop many skills, including balance, psychomotor skills, eye hand coordination and reflexes, learning reading skills, or a new language. Enrichment classes also help the student develop self-esteem, self-respect, self-confidence, goal setting skills, and feelings of accomplishment.

For more information or to enroll your child in one or more of these programs, please fill out the form below. Monthly fees will be added to the family invoice.

I would like more information about the following programs:

I would like to enroll my child in the following programs:
