

MARTHASM & MARY

CARING FOR CHILDREN AND SENIORS SINCE 1891

COVID-19 UPDATE

With the reduction of COVID-19 cases in the community, Martha & Mary Health Services and Bay Vista Commons Assisted Living each are welcoming visitors into their buildings. While screening requirements for visitors have changed, we continue to require masks to be worn in these environments as these are homes to the most vulnerable populations.

In compliance with the State recommendations, Martha & Mary Kids is enjoying the freedom of no masks. We are overjoyed to see the smiling faces of our teachers, children and their families once again and look forward to connecting them with our seniors soon.

***UPDATE:** As of Tuesday, May 3, 2022, Martha & Mary Health Services has identified 2 residents and 2 employees who have tested positive for COVID. According to our local health jurisdiction, this places our facility in outbreak status. The Health Services building is discouraging visits at this time. Please call ahead for visitation instructions or if you have any questions, please contact our Administrator, Heather Dartt for more information at 360.779.7500.

Thank you.
